About Communities in Bloom:

Communities in Bloom (CiB) is a provincial program and national organization that recognizes community participation in projects involving community enhancement, beautification, heritage and environmental awareness. Participants are evaluated on the quality of the municipality's green spaces, dedication to quality of living, general tidiness, environmental awareness, heritage and the level of community involvement. It is a great opportunity for communities to generate civic pride and local participation, while gaining recognition across the country. Communities may choose to be evaluated in the program through either competitive or non-competitive participation categories.
