

HIGH FIVE® Principles of Healthy Child Development (PHCD) and Play Leadership Workshops

HIGH FIVE® PHCD Information

Front-line leaders will gain the skills to make certain each child's social, emotional and cognitive needs are met. The session focuses on incorporating the HIGH FIVE® Principles into everyday programming. Leaders learn activities, gain knowledge, tips and resources to enhance their programs and their relationships with the participants and staff. Additional toolkits also teach learners how to decrease bullying and resolve conflicts. For further information about HIGH FIVE® training visit: www.HIGHFIVE.org
