Funded by

 **SASK LOTTERIES**

Métis Recreation Development Grant

1. Introduction

The Saskatchewan Parks and Recreation Association (SPRA) Métis Recreation Development Grant is supported by the Recreation Section of Sask Lotteries and is managed and administered by the SPRA.

The amount of funding available for the Métis Recreation Development Grant, like all other SPRA grants in any given year, depends upon the availability of Lottery Funds in the Recreation Section for that specific year.

2. Purpose

Recreation plays a key role in the lives of every Saskatchewan resident and should be available to all. The SPRA Métis Recreation Development Grant Program aims to support SPRA members to develop new recreation opportunities or initiatives in their community for Métis people and encourage engagement.

SPRA's Métis Recreation Grant is available to fund a one-time only recreation program. The successful applicant will have outlined how their program will promote the continued development of recreation in their communities

Examples of Recreational Opportunities

The following are examples of recreational programming that would be in the spirit of the Grant guidelines. This list provides examples but eligible projects are not limited to the following:

- Try it activity days
- Métis Heritage Celebration events
- Community games nights
- Community square dance event
- Fitness and physical activities development
- Swim programs
- Walking programs

3. Eligibility

The SPRA Métis Recreation Development Grant is available to eligible **Active members** of SPRA. Priority will be given to Métis Regions, members are encouraged to partner with Métis Regions, locals or groups to apply for the Grant.

Please note that:

- Communities that have not fulfilled the requirements of SPRA Member's Initiative Grants from the previous three years are not eligible to receive funding for this Grant. Further information on the status of previous Grants can be gained by contacting SPRA at 1-800-563-2555.
- Grant payments will not be made if an applicant has any outstanding Grant Follow-up Reports with the Sask Lotteries Community Grant Program, SPRA or the Sask Lotteries Trust Fund.

4. Available Assistance

Applicants can apply for grants to a maximum of \$2,000. Preference may be given to applications that show self-help, i.e. self-generated funds, donations-in-kind, other revenue. Programs will not be funded retroactively. Applicants can only receive one SPRA Members Initiative Grant per initiative per year.

To maximize the benefits of the SPRA's Métis Recreation Development Grant, communities that apply for more than one opportunity are requested to prioritize their applications (i.e. Priority 1, 2 or 3). A maximum of three opportunities will be accepted from one community.

Please note, new initiatives are encouraged as the Grant is not able to provide sustainable delivery funds. Previously funded opportunities will receive a lower priority due to the availability of funds in the Grant.

The following items are considered ineligible:

- Capital expenditures, assistance for the construction, renovation, or repair of capital facility projects such as arenas, pools, parks, athletic fields, trails, buildings, grounds, etc.
