Courses for Front-Line Leaders

Principles of Healthy Child Development (PHCD)

Front-line leaders will gain the skills to make certain each child's social, emotional and cognitive needs are met. The session focuses on incorporating the HIGH FIVE Principles into everyday programming. Leaders learn activities, gain knowledge, tips and resources to enhance their programs and their relationships with the participants and staff. Additional toolkits also teach learners how to decrease bullying and resolve conflicts.

Primary Audience	Length of Training	Mode of Training	# of Participants
Front-Line Leaders	7.5 hours	Facilitated classroom setting	Minimum 10 Maximum 25

This is HIGH FIVE's most popular course! Over 96,000 leaders have been trained in PHCD throughout Canada!

Principles in Practice

Principles in Practice includes new modules and further development of the Five Principles, as well as exploration on integral topics such as Physical Activity, Healthy Eating, Communicating with Parents and how to incorporate these essentials into activity and program planning. Participants receive 3 resources including the Physical Activity Toolkit, Healthy Eating Toolkit, Healthy Minds for Healthy Children Resource as well as a Certificate of completion.

Primary Audience	Length of Training	Mode of Training	# of Participants

Courses for Supervisors/Managers

QUEST 2

Learn how to measure and improve the quality of your children and youth programs by using the HIGH FIVE QUEST 2 Tool. The QUEST 2 Tool reviews a number of key areas that reflect the quality of programming and help identify areas of need. Supervisors will use the QUEST 2 Tool and learn how to enter their data into the HIGH FIVE Database to track their organization's progress as well as identify areas of need. They will also learn how to debrief the results of the assessments with staff in a positive way.

Primary Audience	Length of Training	Mode of Training	# of Participants
Supervisory staff and managers	7.5 hours	Facilitated classroom setting	Minimum 10 Maximum 25

This is HIGH FIVE's second most popular course! Over 10,000 program supervisors and managers have been trained in QUEST 2 throughout Canada!

Strengthening Children's Mental Health (SCMH)

This one-day in-person training, developed in collaboration with Canadian Mental Health Association, Ontario, will help anyone running children's programs be more informed and prepared to support their staff in promoting positive mental health in children. Participants will learn key concepts and factors that affect children's mental health including the impact of stress and environment on a child's ability to cope. This training will provide tools and suggested activities to use with staff to help improve their understanding and interactions with children who face challenges in their programs.

Primary Audience	Length of Training	Mode of Training	# of Participants
Supervisory staff and managers	7.5 hours	Facilitated classroom setting	Minimum 10 Maximum 25

QUEST 1

Are you a Director or Manager of a program that delivers recreation and sport programs to children? This 2-hour online training will help supervisors and managers assess, develop, measure and adopt child-focused policies and procedures. Participants will gain access to 86 policies and procedures in key risk areas including hiring, emergency management, program planning and report tracking. Learners will identify how to use the evidence-based QUEST 1 Tool to adopt a child-centred approach to service delivery and operations to minimize risk. If there are areas where no policy or procedure exists, managers will have access to templates to develop them.

Primary Audience	Length of Training	Mode of Training	# of Participants
Supervisory staff and managers	1-2 hours	Online Modules	N/A
