

Potential Funding Sources for Communities

The benefits of Communities in Bloom activities accumulate over time. Many of Saskatchewan's most successful Communities in Bloom participants have been involved for many years. Local Communities in Bloom initiatives obtain support through many methods:

- Local sponsorship
- Private donations
- Corporate sponsorships
- Municipal support
- Grant programs
- Fundraising events

Financial support, as well as In-Kind support, can be obtained. In-Kind support is equally as valuable, as it provides service or material in place of cash support.
